Sanctions _____

Serial
No.

Letter No 3816-17/E dated 28-11-1946
from the Chief Engineer for Irrigation

Requests sanction to the fixed ^{pay} of
Rs 25/- each of the two Electric Helpers
who are borne in the work charged
establishment attached to the Chamarajappa
and Water Works Tripagandana, being
converted into a graded pay on Rs 25-2-45.

The reason for the revision is that
~~approximately~~ the fixed pay of Rs 25/- is
too low for this class of skilled
workmen who are stated to have better
prospects in other departments. The extra
cost involved is Rs 200/- and is proposed
to be met from the provision of
Rs 4100/- made for new proposals
for work charged establishment.

2. The Elec Sect may be consulted
whether there are any Electric Helpers
in their Dept and if so, ^{the scale} the scale
of pay of such employees.

3. 'A' - may be done -

Serial
No.

6. In the El. Dept. there are at present 3 grades of "Helpers", as follows:-

Helper I class - Rs 35-2-45

" II " - 20-1-30

" III " - 15-1-20.

There is also among other grades of the work-Establishment, a grade called "Maistry III Class - 25-1-35."

7. I agree ~~with the~~ That posts carrying fixed salaries are not very conducive to contentment of the staff, and Rs 25 as a fixed pay now-a-days is rather a small pay.

8. The proposal of the Chief Engineer is to revise the grade pay of the two Electric Helpers at Thippagundana taluk from Rs 25- (fixed) to a graded scale on Rs 25-2-45. The scale proposed

does not tally with any of the scales mentioned in para 6 supra. The proposal

of the CE is for order, with financial

consequence. Perhaps the intermediate grade may be adopted for the time

being and the incumbents fixed up on Rs 26/- in that grade.

No. 3816-171E

Office of the Chief Engineer for
Irrigation in Mysore,
Dated Bangalore, 26th November 1946.

29

To

The Secretary to Government,
Public Works Department,
Bangalore.

Electric Helpers attached to the Chamaraja Sagar and
Water Works, Thippagondanahally.

I have the honour to state that there is provision for two
Electric Helpers on a fixed pay of Rs.25/- each in the work charged
establishment attached to the Chamaraja Sagar and Water Works,
Thippagondanahally.

2. The Executive Engineer, Water Supply Division has reported that
these Electric Helpers are entrusted with various important works,
such as making electric fittings, attending to maintenance of lines,
operation of electric gates, etc., and that compared with the nature
of work expected to be done by them, the pay of Rs.25/- fixed is too
low. This class of skilled workmen have better prospects in other
Departments and they are now in great demand in private industrial
concerns, which are coming into existence in large numbers. With a
view to keep the employees content and as an incentive for them to put
forth their best efforts in the discharge of Government work, the
Executive Engineer recommends that the fixed pay of Rs.25/- may be
revised into a graded pay of Rs.25-2-45. The extra cost involved on
account of the above proposal is Rs.288/- per annum ^{and} is proposed to be
met out of Rs.4,100/- set apart for new proposals in the work charged
establishment.

2. I therefore request that sanction of Government may kindly be
obtained and communicated to convert the two posts of Electric Helpers
on Rs.25/- fixed attached to work charged establishment of Chamaraja
Sagar and Water Works into graded appointments of Rs.25-2-45.

I have the honour to be,

Sir,

Your most obedient servant,

B. S. Dey
CHIEF ENGINEER FOR IRRIGATION.
